

FATTY ARBUCKLE WILL REST FOR ANOTHER BIG SANGUINARY JAMBOREE

(By Associated Press)
San Francisco, Cal., April 13.—Roscoe C. ("Fatty") Arbuckle, film comedian, stood acquitted today after undergoing three trials on a charge of manslaughter for the death of Miss Virginia Rappe, screen actress, who was taken to a hospital fatally ill after a party in Arbuckle's hotel rooms here. Half an hour after the case was submitted to the jury late yesterday afternoon the verdict of "not" guilty had been returned.

Members of the jury said the actual agreement was reached by acclamation within a few minutes after they retired to deliberate. Arbuckle said his plans were uncertain.

"I am going to take a good rest and get rid of some of this surplus flesh," explained the actor, whose picture fame was associated with his weighty physique.

"If the public doesn't want me," he added, "I'll take my medicine. But after the quick vindication I have just received, I am sure the American people will be fair. I believe I am due for a come-back."

Members of the jury in statements to the press said Arbuckle "deserved more than acquittal." Mrs. Irene Wilde, a juror, declared the jury had felt "there was absolutely no case against Arbuckle." Another member said the comedian "impressed us as a man who was telling the truth."

District Attorney Matthew F. Brady said: "I did what I believed to be my duty from the very start of this case and gave it the best that I had. If a similar case was to come before me I would do the same thing all over again. As to the verdict, I will say that I am an American citizen and I will take my hat off to the verdict of an American jury."

Frank Fearnside Calls for Help on Grandstands

Frank Fearnside, who is having his own troubles conducting the destinies of the Pals this season, has issued a call for help. He wants a hundred husky men out at the ball yard tomorrow afternoon to assist in completing the work on the grandstand. He wants as many men experienced with the hammer and saw as possible to report during the morning, but he wants most of the unskilled labor in the afternoon.

The grand stand has been planned, the heavy timbers and foundation placed and now the work of placing the covering and seats will have to be attended to. When completed the stand will accommodate about 1,000 persons, and will have comfortable seats, and be removed further from the home plate than formerly. Under the stand will be laboratories and club quarters for the players, making one of the most up to date baseball plants in the state.

HIGH SCHOOL TEAM NEEDS FINANCIAL ASSISTANCE

The Boys' Athletic association of Putnam High school is in debt for baseball uniforms and other equipment. The management had hoped to raise this amount from the receipts of games, but for various reasons have been unable to do so.

The boys will therefore request all those who wish to encourage high school athletics to contribute a small amount toward raising this indebtedness, which amounts to about \$160. They will not be insistent, but will

merely give each one an opportunity to contribute.

It might be asked why the boys do not provide their own uniforms. The reply is that they cannot individually afford the expense. Each member of the team has bought his own baseball shoes. Some members could

ill-afford to do that much. The association will be glad to have the football and basketball uniforms that will be needed for the season and what more is needed be supplied from the proceeds of the games.
